

# NEW MAST

Looking for a new mast for your Folkboat  
Check out the new BM Folkboat mast from Kerteminde.

**Designed by Folkboat sailors-----**

**Made for Folkboat sailors.**

The most faithful alternative in aluminum alloy to the wooden mast.  
It is flexible and bends similar to a top performing wooden mast.  
It is slim, a delight to the eye - and it works.

The 2017 Gold Cup was won by Per Buch,  
Hans Schultz and Per Puck from Kerteminde  
in DEN 926 "Geppeline" with the new mast  
from BM.

Approved by NFIA.
